## INFORMATION DISCLOSURE STATEMENT

In accordance with the applicants' duty of disclosure as expressed in 37 C.F.R. § 1.56, the examiner's attention is directed to the thirty two documents listed on the accompanying form PTO-1449. Each document was of record in the applicants' parent application or was cited by the International Searching Authority in the present application, except for GB 1,290,484 which is believed to be an equivalent to FR 2,022,212 (being furnished without translation). Two other documents are being furnished without translation; if the examiner believes that either of these documents is particularly relevant, applicants will obtain a translation or English-language equivalent.

These documents may be relevant to examination of the application, due to disclosures of individual features which may be present in the applicants' invention, or which may be related to aspects of the invention. Inclusion of a document is <u>not</u> an admission that the document is prior art with respect to the invention of the application and is <u>not</u> to be

construed as an admission that anything in the document renders any claim of the application unpatentable.

A copy of each document is enclosed for the convenience of the examiner, which copy is the best available to the applicants at this time; the examiner is requested to disregard any underlining or marginal notation appearing in a copy, since marking may have been done for another purpose and not pertain in any manner to the subject application.

Consideration of each listed document, and the return of an initialled copy of the form to indicate such consideration, are respectfully requested. Should any minor matters remain to be resolved for disposition of the application, please contact the undersigned to arrange for a telephonic or personal interview.

Respectfully submitted,
